To: Mr. Michael Berkoff Remedial Project Manager U.S. Environmental Protection Agency Region 5 77 W. Jackson Boulevard, SR-6J Chicago, IL 60604	Date: 5/29/08 Project No.: 5117.07 Subject: Remedial Design Workplan for the 12 th Street Landfill (Operable Unit #4 of the Allied Paper, Inc./Portage Creek/Kalamazoo River Superfund Site), Otsego Township, Michigan
---	---

Prepared By: Linda Hicken

Dear Michael,

On behalf of Weyerhaeuser Company, RMT, Inc., is submitting the attached pages from the revised Remedial Design Workplan for the 12th Street Landfill (RMT, April 2008) with redline changes to address the comments you had concerning the management of decontamination water and a potential future habitat characterization. Because the plan for managing the decontamination water was discussed in the Workplan, as well as in the Field Sampling Plan and the Health and Safety Plan, we are submitting all affected text sections for your review. The changes are similar in the affected sections.

Upon approval of these revisions, we will resubmit the affected pages without the redlining.

Please contact either Jennifer Hale, at (253) 924-3746, or me, at (608) 662-5307, if you have any questions.

Sincerely,

Linda Hicken

Linda E. Hicken, P.E.
